# 1. <u>INTRODUCTION</u>

Smartphones are very important and wonderful communicative tools used by all age group people especially Young generation. Without smartphones, one feels incomplete and it has become the need of hour. It has brought a plethora of information resources within the palm of ones hand and has bridged the communication gap via social networking sites. People remain in touch and come to know every development in all walks of life within no time on social Media. The impact of Smartphones is visible in all areas of life including business, education, health, marketing, social life etc. But it is not out of place to mention here that every technology has its pros and cons within. It has also caused various health hazards and brought miseries to people especially children which include Eye strain, Neck and back pain, Hypertension, etc. The present study is an attempt to explore and examine the impact of Smartphones on the life of young generation. A web based literature survey was carried out to find the objectives of the study. Various scholarly databases were accessed to find the most authentic and qualitative information related to the study.

# CHAPTER – 1 FRAMEWORK OF THE RESEARCH

## Overview of the study

Geography is basically the description of earth's surface and the relationship between human and its environment. The earth acts as a laboratory to the geographers who tend to identify and explain the different geographical processes in the surface of the earth. The knowledge about the field can be gain only through going into the field and conducting surveys. Books only provide the theoretical knowledge to the students. On the other hand, Fieldwork provides the exposure to the students to explore and discover new things. Observation is the significant aspect of geographical perspectives. Fieldwork also helps in developing skills like leadership, communication, teamwork, etc. and moreover helps in student's personal and social development. Theories only give us the knowledge about the findings of the scholars or researchers while fieldwork provides platform to sharpen our skills.

This research analyses the condition of the vegetable market of Shahdara. It gives the quantitative data about prices of commodities, timing of market, routes and transportation facilities.

### Introduction to the field

Shahdara is the one of the oldest inhabited areas of old Delhi. It is located in the north eastern part of the Delhi. It is famous for its crowd and markets. Both can be found in the *Sabzi Mandi* of Shahdara. It is situated beside the bus depot of Shahdara. I will study it.

# Statement of the problem

The proper research on the vegetable market (Sabzi Mandi) of this place has not done yet as there is no secondary data available. People from far places get confused about location, prices of commodities and the timing of the market. I will research and make a useful data on it.

## Aim and Objectives

Objective is basically something one wants to achieve. It deals with real facts rather than personal feelings. Some of the objectives for our research project are listed below:

- To find easiest routes to reach the location
- To find facility of transportation and fare
- To find prices of products (vegetables)
- To find timing of shop's opening and closing

#### **Hypothesis**

It's a wholesale market with the availability of diverse commodities, reasonable prices and opens for more than 4 hours. It is well connected by bus, metro and local transportation.

#### Review of Literature

- "Exploring the values and process of marketing- Market strategy represents a key element of success for any organization, there is a relationship between marketing strategy, marketing mix and prices which largely affects organizational performance"-Leap Bojan (2003)
- "Important marketing solution become particularly relevant for enterprises that operate
  in global business environment opportunities"- Ryans White (2003)
- "Market research is the process of determining the viability of a new service or product through research conducted directly with potential customers. Market research allows a company to discover the target market and get opinions and other feedback from consumers about their interest in the product or service"- Investopedia
- " Location can also influence a business's ability to market itself, the competition it faces from businesses, the total cost of operation, taxes the business owner has to pay and the regulations they must follow"- Alltopstartups

#### Methodology

Methodology is the technique for identifying, selecting, processing and analyzing the information or data acquired from the survey. To deeply understand the market's condition I will have to focus on following aspects:

#### a) Data required

The data required for this research is kind of quantitative. For the same, I will require primary data as well as the secondary data; primary for the prices and timing etc. whereas secondary for the location.

#### b) Variables to be studied

- Prices of the commodities
- Location of the market
- Transportations' fare
- Timings of the market

#### c) Sources of data

Primary data: Through questionnaire, short-talk with people and photographs Secondary data: Location by Google maps

#### d) Methods of data collection

Questionnaire, Transect walk

■ Tools: Camera to click photographs, Google map, Diary

#### e) Techniques to be used

Statistical: Bar graph, Pie chart, Line graph etc.

Cartographic: Graph by using vector data (Line and Point)

#### f) Study Area

Study Area is the area where we need to focus for finding out different articles, results, etc. for our research report. The specific study area for Market research is Shahdara Sabzi Mandi near bus depot of Shahdara, Shahdara district, New Delhi.

## CHAPTER – 2 STUDY AREA

**Shahdara** is an administrative and revenue district of Delhi, India, situated near the banks of Yamuna River. It is one of the oldest inhabited areas of Delhi and integral to what is known as *Purani Dilli* (Old Delhi). Shahdara district was formed in 2012 and has a collectorate office at Nand Nagri, Delhi.

In Urdu, Shahdara means "door of kings". The origin of the name lies in two Persian words: *shah* meaning "kings" and *dara*, a door or entrance. Shahdara was established by a Mughal king.

Shahdara contains two municipal council zones (Shahdara north and Shahdara south). Shahdara is the fourth station on Line 1 (Red Line) of the Delhi Metro from Dilshad Garden. The Cross River Mall contains liquor shops, cafes, restaurants, and a movie theatre. The Vikas Cine Mall contains an Indian Bank branch and a movie theatre. The Leela ambiance is the 5-star hotel in this area. The Plaza and various other hotels like Ginger, Park Plaza is also there. It has Barbeque Nation at Vivek Vihar near CBD.

#### **Geographical location:**

#### History

Shahdara (walled) is also known as Chandrawali village through revenue records of SDM) dating to the 16th century CE. The rampart of Chandrawal so round with Pathanpura, Teliwara, Arjun Bagichi Bahal Mohalla, premises on circular Road, Pal (Gadariya) gali, kumhar (POTTER) etc. The T point of Chhota Bazaar & Teliwara is still called Loni Gate in the North of walled Shahdara & Delhi Gate at Bara Bazaar provides its history. There were even Khidki Darwaje 1) Maharam Gali end) 2) Jain Mandir Gali ending steep East slopes. There were innumerable Tilas all around Trans Yamuna & were important watch towers. The area around Shahdara has hard water and both Yamuna & Hindon flowed together threatening it several times till the first Member of Parliament CK Nayar constructed East Pushta with Shram Dan. It was used as a stopover in the passage from Meerut to Delhi. In the 18th century CE, Shahdara had grain warehouses and wholesale grain markets which supplied the Paharganj grain market, across the Yamuna River.

#### Religious sites

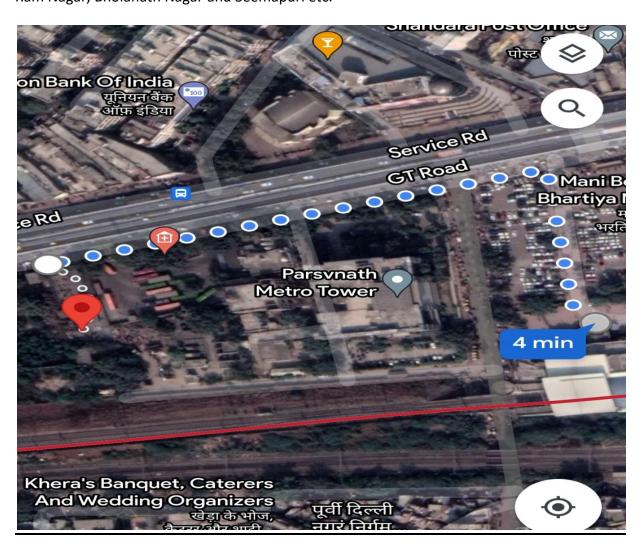

Shahdara is the location of a number of religious places. Shree Sai Sarnam Mandir near Shahdara metro station. Old church in Chhota Bazar area. Gurudwara near the refugee rehabilitation colony of Kabir Nagar (where many Sikh refugees from Pakistan live). Arya Samaj Mandir in Shivaji Park. Janardhan Mandir and Kirti Mandir in Subhash Park. Hanuman Mandir on Hanuman Road. Few other smaller temples also are there. There are also some mosques in Shahdara. The Akshardham is a famous temple and a centre of the cultural and historical art exhibition and it is 10 km from Shahdara.

# CHAPTER – 3 MARKET RESEARCH: SHAHDARA SABZI MANDI

#### Routes

Located in the East Delhi, the Shahdara Sabzi Mandi is prominent one in the area. It is situated beside the bus depot of Shahdara. It is directly connected with the Grand Trunk road. The distance between nearest metro station (Shahdara; red line) and sbazi mandi is merely 300m. It is the best local wholesale vegetable market for the near localities such as Nand Nagri, Mandoli, Ram Nagar, Bholanath Nagar and Seemapuri etc.

## Facility of transportation and fare

A variety of means of transportation are available here; one can take DTC bus service, Gramin Seva, Auto rickshaw and E- rickshaw. The fare is also economical. Facility of Indian railway and metro is also available. Indian railway' facility is merely 600m far from the Sabzi mandi.

#### **DTC Bus fare:**

#### **Ordinary Stage Carriage Buses:**

Distance	Fare for Adult	Fare for Children (Age 5 to 12 yrs.)
Up to 4 kilometers	Rs. 5.00	Rs. 3.00
From 4 kilometers to 10 kilometers	Rs.10.00	Rs. 5.00
Above 10 kilometers	Rs.15.00	Rs. 8.00

#### **Gramin Seva fare:**

The minimum fare for Gramin Seva is Rs 5 per person (for the first 3 km), Rs 10 for up to 7 km and Rs 15 above 7 km.

#### **Auto-Rickshaw Fare:**

The fare for auto rickshaw is more or less same as Gramin sewa.

In research it is found that many people also bring their bike and car. But the facility of parking is poor. People park their vehicles on the road, which causes the nuisance.

## Prices of Vegetables

In this market the availability of various vegetables is present. It is a huge market for vegetables- brokers and stall owners purchase fresh produce in bulk form here. The market offers super quality of vegetables.

#### Let's see the prices:

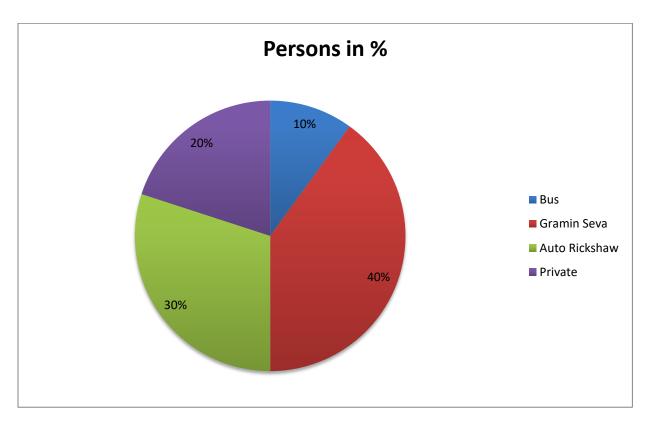

Vegetable	Average Price per kg (In Rs)
Radish	5.6
Pumpkin	6.5
Gourd	8
Spinach	5.5
Brinjal	12
Tomato	10.5
Onion	11.25
Cabbage	2.75
Cauliflower	22.5
Potato	7.5

### Timing

Market opens at 5.00 am and opens till the noon. It is open throughout the week.

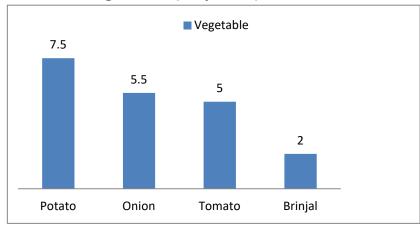

# CHAPTER – 4 DATA INTERPRETATION AND ANALYSIS

Means of transportation used to reach

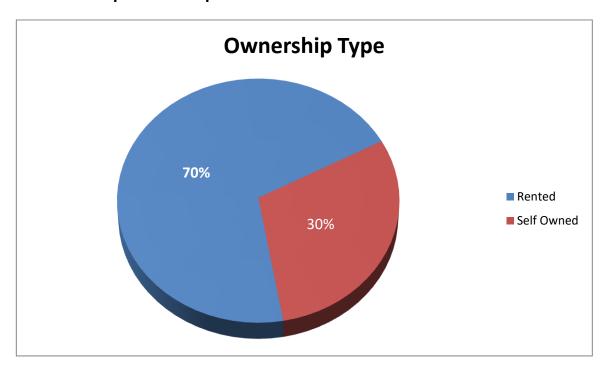

In the survey, maximum number of people used Gramin Seva (40%). Second most used means of transportation is Auto rickshaw with 30%. Only 10% people came by bus, lowest in the survey.

#### Most sold vegetables (In quintal)

In the survey, we asked a seller about most sold vegetable in his shop. According to him, Potato was the most sold vegetable with 7.5 qunital. Least sold vegetable is Brinjal with only 2 quintal.

#### Ownership of the shop

In this survey we found that the 70% of the sellers have rented shops whereas 30% sellers have self owned shops.

# CHAPTER – 5 FINDINGS AND SUGGESTIONS

In this survey we found the data about routes, facility of transportation and prices of vegetables related to Shahdara sbazi mandi. Market is nearby the Shahdara metro station, Indian railway station and Shahdara bus depot. All are available in the radius of half of kilometer.

The prices are cheap and the market offers a lot of variety of vegetables. Best time to come here is early morning as the best produce vanishes fast.

It is advisable to come here by public transportation as there is lack of parking area. Although, you can park your vehicle at metro station parking but you have to give charges.
