I received the information about the placement drive from The Placement Cell, Dyal Singh College(M)'s Facebook page. The journey from getting registered until the interview sailed smoothly because of the constant support and information provided by the entire placement cell's team. Right from sharing the location, until the signing of the offer letter. Being a fresher all my doubts about how to contact the HR, how to have a professional dialect with the company the entire team was available just a text away. I'm so thankful for the entire support.
