BEST OUT OF WASTE COMPETITION

National Service Scheme (NSS) Unit of Dyal Singh College observed Swachhta Pakhwada and conducted Best out of Waste Competition on September 9, 2022. The event was conducted in offline mode and was open for all the college students.

The Competition was on to make a model out of 'Single Use Plastic'. 7 NSS Volunteers and 8 other students participated in the competition. The competition strived to raise awareness about the issue of single use plastic in Nation and let the volunteers harness their creativity to repurpose it. We received great response and event was successful.

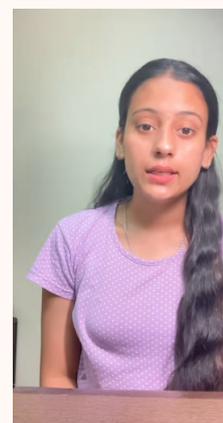

SWACHHTA PLEDGE

The NSS Unit of Dyal Singh College, on the account of Swachhta Pakhwada, has organized the “Swachhta Pledge” to spread awareness about the campaign to commemorate the ‘Swachhta Bharat Mission.’ To make the event of the Swachhta Pledge indelible, we made the volunteers take pledges on two accounts. The first one was when the team organized an Essay writing competition under the same theme. The second time it occurred was when we organized the Best Out Of Waste Competition for waste management.

Students enthusiastically and actively participated in the events and paid immense heed to the Pledge. We even shared the reel of the volunteers taking Swachhta Pledge on our Instagram handle in order to make it reach to as much wider population as we can. All the sessions were great and highly informative for the spectators, which would make them all deliberate about the environment and cleanliness. With these, we wish to make people conscious about the event and cleanliness.

SKIT ON SAY NO TO SINGLE USE PLASTIC

The NSS Unit of Dyal Singh College performed a skit on "Say No To Single Use Plastic" under the drive "Swachhta Pakhwada" on 12th September in order to promote sustainable practices and a replacement to biodegradable products instead of plastic use.

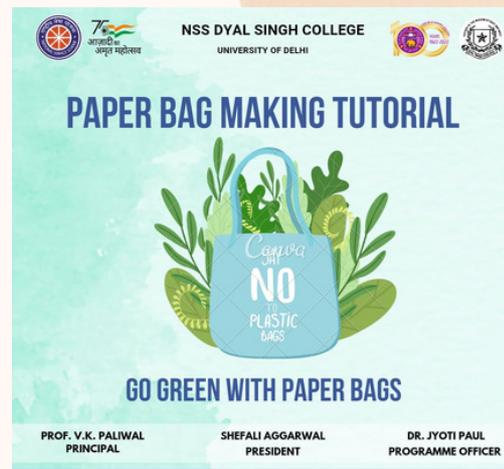

A total of 10 NSS Volunteers participated in the skit. They enacted a skit expressing all the harm plastic was causing to different domains of human life. The main motive of the skit was to spread awareness about the ban enforced by the government on the wield of 'Single Use Plastic Products'. Also, to promote the sustainable activities for the betterment of environment. Skit surely helped in creating more awareness about side effects of plastic .

PAPER BAG MAKING TUTORIAL

Our NSS unit shared a Reel on 6 September about the tutorial on how to make a paper bag to foster a sustainable environment. Our NSS volunteer through her video guided everyone to prepare a paper bag by following a few simple steps with basic materials such as Fevicol, paper, etc available in our homes.

NSS volunteers appealed to everyone through their social media platforms to check out our video, make their paper bags, and help contribute to a world with better resilience. We also requested to prefer paper bags over plastic bags when it comes to sustainability as they are easier to recycle, and they can be used for purposes like composting.

HINDI POEM ON SWACHHTA PAKHWADA

On the account of Hindi Diwas, observed on 14th September, the NSS Unit of Dyal Singh College took the initiative to make people aware about the celebrated day as well as the about the Swachhta Pakhwada by associating the former with the latter. To make this possible, we updated our Instagram handle with a reel regarding this.

To make this happen, many of the enthusiast NSS volunteers took the initiative and prepared a reel/video where they can be seen reciting poems of their own as well as of famous poets. In the video, marked to celebrate the Hindi Diwas as well as to include information regarding the Swachhta Pakhwada, one of our volunteers, quoted lines from a famous poem of a renowned poet about cleanliness.

The celebration of Hindi Diwas combined with that of Swachhta Pakhwada went well with the active participation of our volunteers. The video got massive responses and likes from the viewers and was very illuminating for all walks of people. With all the innovations and initiatives, we wish to create more and more awareness about the campaign among the civilians.

NATIONAL SERVICE SCHEME

02-31 OCTOBER, 2022

“A clean India would be the best tribute India could pay to Mahatma Gandhi on his 150 birth anniversary in 2019,” said Shri Narendra Modi as he launched the Swachh Bharat Mission at Kartavya Path in New Delhi.

Till now, it has successfully covered 4041 cities across India. It is one of the important campaigns launched by the Government of India. The ultimate objective is to maintain a healthy and clean environment.

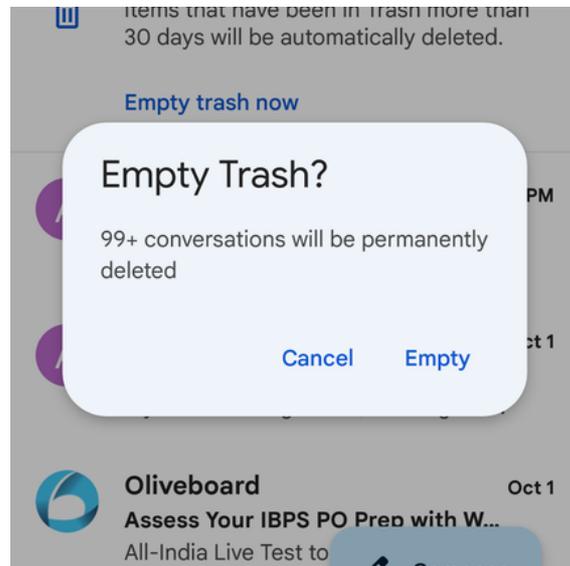

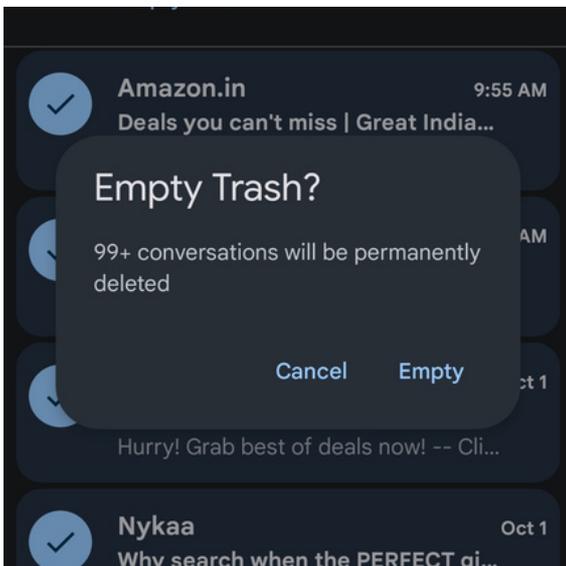

Here is the contribution of NSS Unit of Dyal Singh college University of Delhi, towards the Clean India mission 2.0

DECLUTTER YOUR INBOX

Under its Clean India Drive 2.0, NSS unit of Dyal Singh college organized an online event on the issue of e-waste management with the theme of “Declutter Your Inbox” on 2nd October 2022.

The session made the volunteers aware of the pollution they might create unknowingly due to the emails that are laid in our inbox for spans of time.

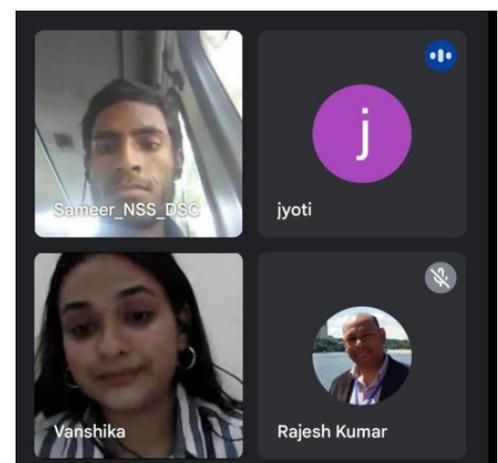

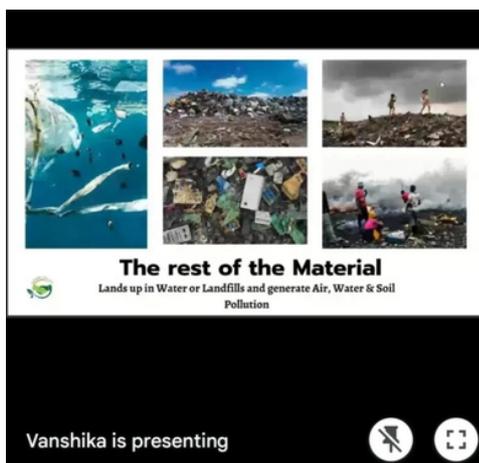

According to Berners-Lee, a normal email has a carbon footprint of 4g. For spam emails, because they are sent automatically to lists of addresses, the average is a much lower 0.3g of CO₂. On the other end of the scale, emails with large attachments might carry a carbon footprint as big as 50g. These totals are made up by power used by computers and data centres to send, filter and open the messages. More than 70k emails were deleted. The event was attended by all the volunteers with outmost interest and enthusiasm.

WEBINAR ON E-WASTE MANAGEMENT

A webinar on E-Waste management was organized by NSS Dyal Singh college in collaboration with e-junki(waste management company) on 1 st October 2022, in adherence with speaker Ms. Vanshika Chhabra.

With continuous growing technology, we often forget the repercussions caused by it to the environment.

E-waste is any electrical or electronic equipment that's been discarded. This includes working and broken items that are thrown in the garbage. E-waste is particularly dangerous due to toxic chemicals that naturally leach from the metals inside when buried.

The session was very informative, it made the viewers aware about types of e-waste, harm caused by improper disposal, reuse at personal level.

CLEANLINESS DRIVE

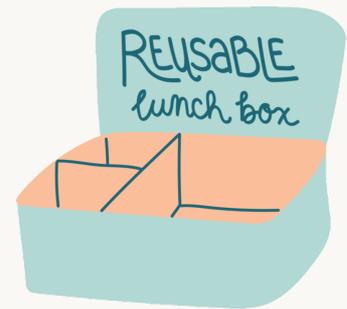

NSS Dyal Singh College organized a cleanliness drive on 14th October, under the clean India campaign 2.0, in the college campus. NSS Volunteers were divided in groups of 5 people, provided with trash bags, brooms, they covered the entire campus.

Cleanliness is next to godliness ~ it's important to practice cleanliness as it is valued as much as worshipping God, A clean person is not the one that runs away from dirt but one who takes the time and effort to tidy up a dirty environment.

5 R's OF WASTE MANAGEMENT

The NSS Unit of Dyal Singh College has come up with a new reel on the subject matter of waste management under its drive of Clean India 2.0. According to the 5 R's, four actions should be taken, if possible, prior to 'recycling': refuse, reduce, reuse, repurpose, and then recycle. Reusing, repurposing, and recycling enables us to make full use of these items. In other words, these items do not end up in landfills before they have been used fully. By implementing the reuse, repurpose, and recycle practices, you ensure the complete use of every item even when it has served its primary purpose. This offers the optimum use of every product item. Hence, we should strive towards a more greener and cleaner environment by using the 5R's.

REFUSE REDUCE REUSE
RECYCLE REPURPOSE

REORGANIZE YOUR WORKSPACE

Under its drive of clean India 2.0, the NSS Unit of Dyal Singh college took an initiative of “Reorganize Your Workspace” on 20th October 2022.

It was done to make people more conscious about the importance of a clean work space. As it is said, a clean space flowers a clean mind.

Decluttering and cleaning your space will make you focus and work better.

Before you leave, take a minute to clean.

PLOG RUN

THE NSS UNIT OF DYAL SINGH COLLEGE, UNIVERSITY OF DELHI ORGANIZED A "PLOG RUN" IN ORDER TO PROMOTE HEALTHY LIFESTYLE UNDER THE DRIVE OF 'FIT INDIA'. PLOG RUN IS A UNIQUE AND CREATIVE IDEA WHICH COMBINES FITNESS WITH CLEANLINESS. IN THIS, PARTICIPANTS COLLECT LITTER WHILE JOGGING. THE EVENT TOOK PLACE ON 2ND OF OCTOBER ON THE JUNCTURE OF GANDHI JAYANTI.

VOLUNTEERS WERE ASKED TO PERFORM THIS PLOG RUN IN THEIR RESPECTIVE LOCALITIES AND THEN TO TAKE PICTURES AND VIDEOS OF IT AND UPLOAD ON GOOGLE FORMS. THE MOTIVE BENEATH THIS PLOG RUN WAS TO MAKE PEOPLE CONSCIOUS OF THE FACT THAT ONE CAN HELP AND CONTRIBUTE TOWARDS ENVIRONMENT WHILE BEING CAUTIOUS ABOUT ONE'S OWN HEALTH.

THE COMBINED VIDEO OF PARTICIPANTS PERFORMING THE RUN HAS BEEN POSTED ON OUR INSTAGRAM HANDLE AS WELL. ALL THE VOLUNTEERS SO ELEGANTLY DISPLAYED THEIR SPIRIT OF DEVOTION TOWARDS SOCIETY VISUALLY BY COLLECTING LITTER FROM THE GROUNDS AND ROADS IN CONTINUATION WITH THEIR JOGGING.
