

Note regarding NSP schemes

The students who have applied for various schemes on NSP are required to perform following steps:

1. Log into NSP portal.
2. Check your application status.
3. If it is in verified by the Institute state, no action is required from your end.
4. If it is in defected state, read the comments mentioned in the message received by you from NIC. Make the required changes and re-submit your application online again. Then contact CRC Lab asap.

If the above steps are not followed by the student well in time then college will not be responsible for the cancellation of the scholarship.
